Conference Statement 1

International Scientific and Training Conference

NEW TRENDS IN EDUCATION AND PRACTICE OF HEALTH PROTECTION EMPLOYEES;

PROFESSIONALISM - A KEY TO PATIENT SAFETY

We are honored to invite you to participate in the International Scientific and Training Conference "NEW TRENDS IN EDUCATION AND PRACTICE OF HEALTH PROTECTION EMPLOYEES; PROFESSIONALISM - A KEY TO PATIENT SAFETY ", which will take place in October 20-21, 2017 at the College of Business and Entrepreneurship in Ostrowiec Świętokrzyski. The initiators of the conference idea were the universities and hospitals from three countries - the Czech Republic, Slovakia and Poland. The conference is held periodically in the organizer's country -this year it is Poland. The main organizers on the Polish side are: Faculty of Nursing of the College of Business and Entrepreneurship in Ostrowiec Świętokrzyski and the Health Care Institution in Ostrowiec Świętokrzyski. Other organizers are the following: the Faculty of Humanities of Tomas Bata University in Zlín, Tomas Bata Regional Hospital in Zlín, the Faculty of Health of the Catholic University in Ružomberok, the Central Military Hospital in Ružomberok, Podhale State Vocational College in Nowy Targ, Podhalański Specialized Hospital in Nowy Targ, Regional Unit of the Polish Nursing Association at the Health Care Institution in Ostrowiec Świętokrzyski, branch of the Polish Society of Social Medicine and Public Health Headquartered at the College of Business and Entrepreneurship in Ostrowiec Św.

The main goal of the project is to debate the achievements in evidence-based health care in combination with professional practice. The organizers hope for a broad discussion and exchanges of experience in progress and practical applications with Polish and foreign researchers and practitioners. The problems of broadly understood public health of modern society will also be the important issues raised during the conference.
